MATSU

MATSU

Established in 1996, MATSU is dedicated to providing inspiring office furniture overall solutions for clients.

Replying on this craftsmanship spirit as a key to international stage, MATSU entered into strategic cooperation with famous German furniture brand. While introducing excellent European designs into China, MATSU is fully aware of the importance in original design made by itself. So it gradually improves its design ability. MATSU collaborates with many famous design institutes, for the purpose of creating furniture that is featured by original MATSU style.

Inspiring Office Lifestyle

CAMP TEATABLE

POSITION

As an important part of the space, in addition to the basic placing objects function, the more important thing is to set the tone and enhance the atmosphere of the space. As the standard configuration of the leisure area, a coffee table becomes a world, which can be enjoyed exclusively or shared. The camping coffee table combines the freedom of the outdoors and the exquisite craftsmanship in a unique form, interacting with the surrounding environment with its unique temperament.

The CNC tube bending process strives to achieve the perfect and precise presentation of the test bench

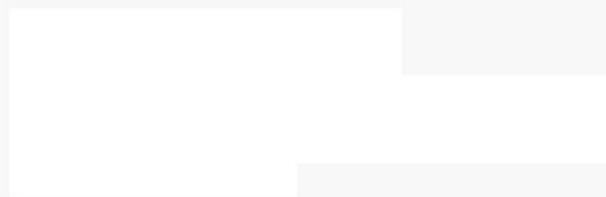

A variety of forms and materials are available to suit the choice of space

Rubber footing, protecting products and floor materials

Flexible combination, space can be arranged in a variety of ways to match different Spaces

To meet the needs of sustainable development in modern society and more and more flexible and convenient
forms of expression

DETAILS

Inspired by camping tent structures

The triangular pattern of the foundation is repeated many times, referring to the fixed form of the tent, forming a stable and unique standing design. Good support performance and visual stability in appearance give users a comfortable experience.

DETAILS

MFC

The slate countertop, wooden base & rich MFC options

The use of slate materials greatly enhances the taste of product and space tonality. In order to display the thin and light properties of the slate countertop, a wooden base in the form of bevels around the four corners is used to ensure the user's visual experience.

DETAILS

Horse belly type countertop form

The countertop form provides a variety of styling options, and in addition to the conventional square and circle, it incorporates more variable curved curvatures. Users can use this to match more space matching possibilities.

DETAILS

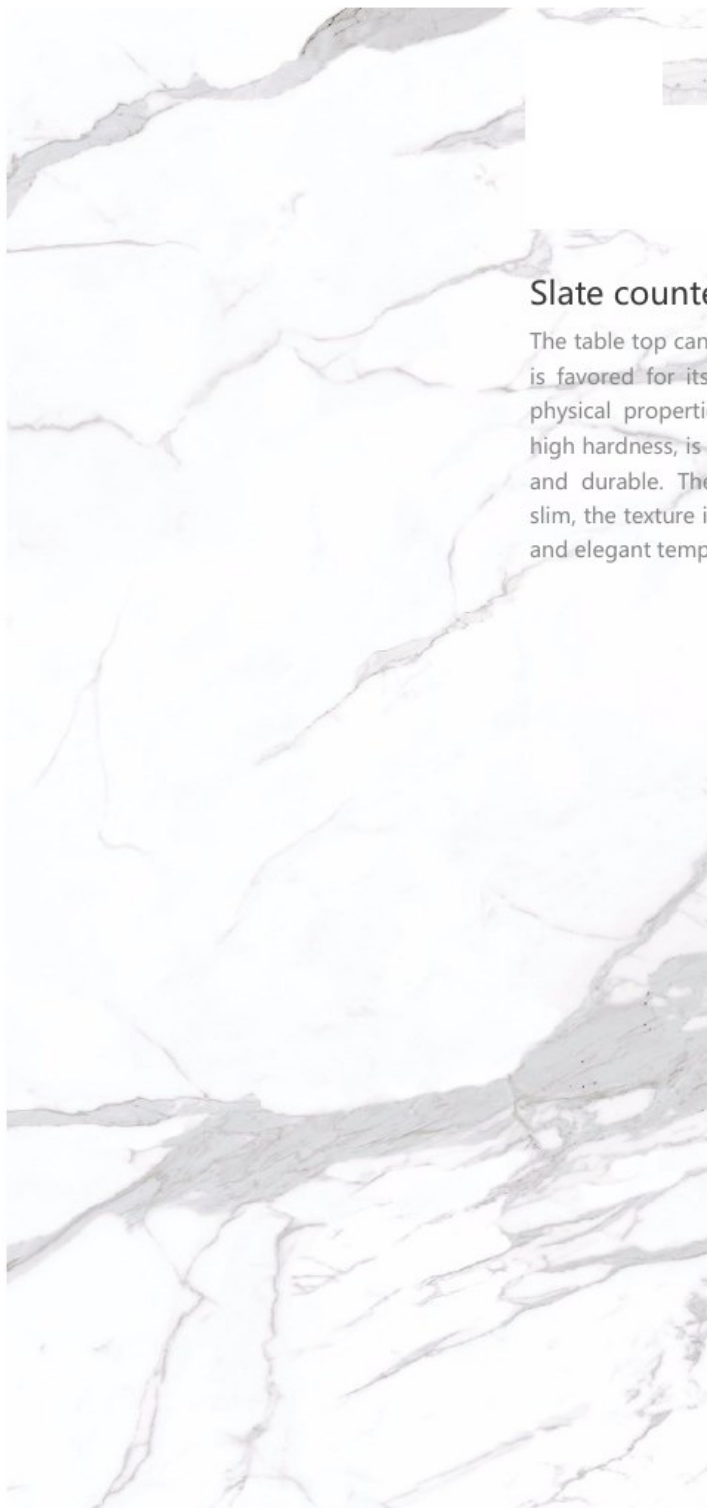

Metal bent bracket Powder spraying process

The use of metal bent pipe for structural support, excellent workmanship, stable structure. Metal materials ensure that the product achieves a safe and reliable use experience on the basis of simple form.

DETAILS

Slate countertops

The table top can be made of slate material, which is favored for its excellent design and advanced physical properties. The material countertop has high hardness, is not easy to scratch, and is strong and durable. The appearance of the product is slim, the texture is outstanding, and the restrained and elegant temperament.

FAB

CAMP FAB

	F feature	A advantage	B benefits)
1	The chair frame is shaped like a spire tent	The chair frame is shaped like a spire tent	excellent support
2	slate countertops	high hardness and thin countertop	strong and durable, not easy to scratch
