MATSU

MATSU

Established in 1996, MATSU is dedicated to providing inspiring office furniture overall solutions for clients.

Replying on this craftsmanship spirit as a key to international stage, MATSU entered into strategic cooperation with famous German furniture brand. While introducing excellent European designs into China, MATSU is fully aware of the importance in original design made by itself. So it gradually improves its design ability. MATSU collaborates with many famous design institutes, for the purpose of creating furniture that is featured by original MATSU style.

Inspiring Office Lifestyle

Shades of yak/Saken/Clutch/Coaster/Tag

POSITION

A poem that has been echoing for a long time on the plateau goes: "The yak's skin gives us warmth, the yak's hair gives our homes, the yak's milk gives us health and strength, the yak's dung gives us an inexhaustible source of fire for generations, and the yak's flesh gives us survival." It is yak that brings herds-men to the snow-covered plateau. For thousands of years, yak has nourished herds-men from generation to generation with its life span, and the spirit of symbiosis and survival in a harsh environment has also deeply affected herds-men.

A patchwork of yak hide, create a rug that expresses the very essence of this collection; a tribute to the versatility of the yak hide applications.

DETAILS

It can be used for
tapestries and carpets

It can match the requirements
of different scenarios.

The whole thing is grey

With strong dirt resistance, no cleaning and
gray can make people calm.

POSITION

Saker

Saker

Saken means “bag” in Tibetan. In the Tibetan experience trip, we learned that every herdsman has a bowl to follow his nomadic grassland, which can last for a lifetime. And in the urban life with material desires, people’s desires are filled with one new style after another. Products are thrown away when dirty and replaced when old. It is said that durable products are the most environmental-ly friendly design. As urbanites, we also need a durable and timeless exclusive bag. Saken was born for this. It has made a creative transformation among the most commonly used bag types in the world and has become a special bag that can be used for a lifetime.

Shades of yak/Saken/Clutch/Coaster/Tag

DETAILS

Metal round rod lock

The metal round rod locks the leather shoulder bag. The metal round rod and the strap expand and adjust the bag opening, controlling the opening and closing of the bag, and supporting the three-dimensional sense of the real leather bag.

Leather material, oil wax leather technology

The leather texture is clear, smooth to the touch, and the oil tans will make it softer and more durable.

POSITION

Clutch

2500

MATSU Clutch

Clutch is a cross-body water bottle set, which provides a portable and reusable vacuum insulated cup for modern digital nomads in the city. Water is the source of life. According to statistics, the human body needs about 2,500 ml of water every day to make up for its loss. However, for many trips, the unfinished disposable bottled water was forgotten. MATSU hopes that Clutch can arouse people to cherish the source of life! It is like a walking stick that supports you on a long journey and live a nomadic life with you!

As long as the source is here, the hope is here! This is also the intention of MATSU and LHAYAK's nomadic inspiration series. We hope that herdsmen can stay on the grassland and have an ecological way of grazing. We protect herdsmen, herdsmen protect nature, and the Tibetan Plateau, the Asian water tower will be protected.

Shades of yak/Saken/Clutch/Coaster/Tag

DETAILS

Two kinds of holes

It has two connection modes and can adjust the Angle to match different body types of wearers.

Hypotenuse opening

Hypotenuse opening, in line with the human body curve, easy to wear, easy to take the internal thermos cup.

POSITION

Matsu x

.LOGO

All products in this series are equipped with a unique Matsu x LHAYAK co-branded LOGO leather label. We instill the two-purpose leather with the free dream carried by the nomadic inspiration series, which is both a label and a coaster. The large version of the label can also be used as a coaster. The way of using one thing for multiple purposes allows labels to get rid of the fate of disposable trademarks and design to create a sustainable lifestyle. In addition, the label is made of leftover materials of yak leather furniture products to minimize waste

Oil wax skin

Oil wax leather is a kind of cowhide leather making process, which needs to be separated from the ordinary cowhide production process in the water plant process. The main difference is the tanning stage, ordinary cowhide mainly uses chrome tanning, vegetable tanning, aldehyde tanning, etc. Oil wax skin is used oil tanning, after leather tanning and dyeing, the leather is soft, good elasticity, good air permeability, large tension. At the same time, the vacuum drying process in the process makes the oil wax skin also have the characteristics of not easy to mildew.

It has strong water and oil absorption, and the color of the skin surface will become darker when it sticks to the part after water and oil. In fact, it is these characteristics of oil wax skin that make it give people a feeling of nostalgia and vicissitudes. When the leather is stretched, there will be a change in color, and such products are more prone to scratches when scratched by hand, which is also the most special point of oil wax skin.

Yak wool fabric

Yak wool fabrics are hand-woven by nomadic mountain herders themselves and were originally used to build local tents. Because the yak wool fabric is too hard, based on this, it has found another home in the urban herdsman sofa collection.
