MATSU

MATSU

Established in 1996, MATSU is dedicated to providing inspiring office furniture overall solutions for clients.

Replying on this craftsmanship spirit as a key to international stage, MATSU entered into strategic cooperation with famous German furniture brand. While introducing excellent European designs into China, MATSU is fully aware of the importance in original design made by itself. So it gradually improves its design ability. MATSU collaborates with many famous design institutes, for the purpose of creating furniture that is featured by original MATSU style.

Inspiring Office Lifestyle

POSITION

Skinsofa's upholstery is made of yak leather on one side and yak wool fabric on the other, both of which are from yaks in Tibetan areas. Based on the knowledge of customs and respect for culture, it is used to repay nature's gifts. With a white oak solid wood frame base, simple stacking and fixing form, the simplicity of the craftsmanship expresses the emotional feeling of the material. Let the natural and primitive breath permeate the modern office environment, convey to every modern employee a distant and cordial original whisper, calling for a deep inner belonging.

Skinsofa

White oak solid wood frame and sofa feet
Yak skin and yak hair fabric are used as cushions
Modern simple design and traditional workmanship quality
Unmodified wild expression, brimming with uninhibited, full of poetic vitality
Soft, comfortable sitting feeling, natural material surface texture intimate touch
Unique regional aesthetic atmosphere, in which to spend a relaxed, comfortable leisure time

Skin lounge sofa

Skin lounge sofa

Two-color and two-material cushion, yak skin and yak hair fabric combination

Belt lock connection, convenient disassembly, replacement and cleaning easier

Modern design style to adapt to a variety of office space

Solid wood plywood chair seat, lightweight structure, natural and friendly

Cement soil base, pristine raw material

Two kinds of sitting height, suitable for different occasions of people's sitting experience

Permeated with natural pure, wild and free product feeling

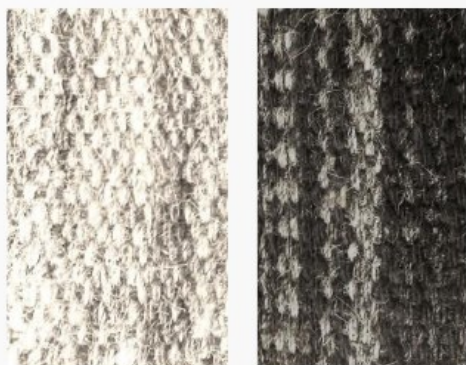

DETAILS

Selected yak leather, yak wool fabric

The leather is soft and breathable, and the yak hair has a small pith, good strength and elongation, and is slender. The surface is elastic, comfortable to sit, soft gloss and smooth feeling

DETAILS

2021

Cusion with leather and cloth

The upper and lower materials of the soft bag seat are stitched in the form of flanging, and the leather surface on the side of the sitting feeling is made of oil and wax leather. The quality is excellent, the look and feel retro, and the sitting feeling is comfortable, which will still experience and convey the traces of time in the future .

Empty at the bottom

The feet of the sofa are in point contact with the ground and hardly cover the ground. There is no blind spot in the field of vision, which is conducive to hygiene and cleaning in daily maintenance, and is not easy to stain.

DETAILS

Oil wax skin

Oil wax leather is a kind of cowhide leather making process, which needs to be separated from the ordinary cowhide production process in the water plant process. The main difference is the tanning stage, ordinary cowhide mainly uses chrome tanning, vegetable tanning, aldehyde tanning, etc. Oil wax skin is used oil tanning, after leather tanning and dyeing, the leather is soft, good elasticity, good air permeability, large tension. At the same time, the vacuum drying process in the process makes the oil wax skin also have the characteristics of not easy to mildew.

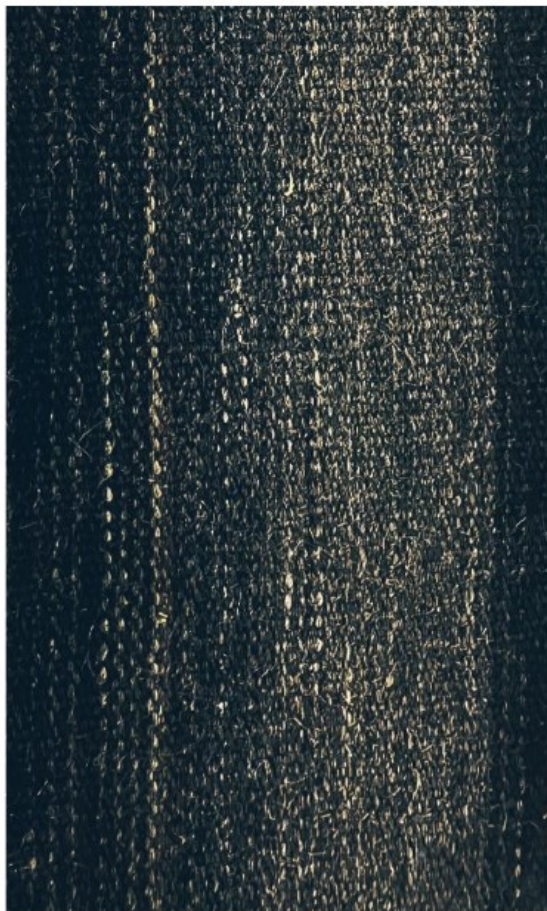

It has strong water and oil absorption, and the color of the skin surface will become darker when it sticks to the part after water and oil. In fact, it is these characteristics of oil wax skin that make it give people a feeling of nostalgia and vicissitudes. When the leather is stretched, there will be a change in color, and such products are more prone to scratches when scratched by hand, which is also the most special point of oil wax skin.

DETAILS

Yak wool fabric

Yak wool fabrics are hand-woven by nomadic mountain herders themselves and were originally used to build local tents. Because the yak wool fabric is too hard, based on this, it has found another home in the urban herdsman sofa collection.

MATSU 玛祖路立

DETAILS

Velcro connection

The left and right and back cushions of the sofa are connected with Velcro and leather side panels, which are easy to disassemble and assemble. The cushion is easy to clean and replace.

White oak sofa curved feet

The sofa legs gradually gradient from top to bottom, which is stable in structure and light in vision. The curved edge of the foot weakens the sharp lines of the edges and corners. The form conveys a gentle and soothing look.

DETAILS

Belt--movable connection

In the design, the belt, an element often used in daily life, is selected as the structure connecting the cushion, cushion and frame, highlighting the simplicity of the product and the strong smell of fireworks. At the same time, this active connection form provides a very good portable experience for subsequent use of cleaning and replacement.

DETAILS

Imitate a herder sitting position
As close to the earth as possible

Low sitting experience design

By lowering the sitting height, it is more suitable for the state of human leisure. With the help of body stretching, it is a good choice for employees to adjust their body and mind and to refuel and store electricity during the working period.

DETAILS

Flashing outer edge design

The changeable folded outer edge gives the product a sagging experience and enriches the visual feel of leather

170

170° Plywood tilting base

The base is made of solid wood plywood, which has a natural wood grain, light weight and high strength. The form is simple in shape, the natural texture is highly decorative, and the load bearing capacity is good

DETAILS

High-density rebound sponge filling

The sponge has high density, small voids inside, large mass, and super resilience and air permeability. The shape is full and stylish, which strongly supports and relaxes the body muscles, and rebounds the feeling of sitting.

DETAILS

Rotary base, business office choice

The concrete base and yak material with mixed colors combine to render the original rustic atmosphere. The metal pressure bar in the center of the product base implies a delicate and sophisticated urban atmosphere.

Split upholstered cushion

The seat cushion adopts a zipper connection and adopts a movable connection method, which is easy to remove, replace and clean

DETAILS

Strong wild sense of lines

The product form design focuses on the expression of lines, shaping a tough image. At the same time, clean lines extremely suitable for a variety of modern office space atmosphere tone.
