

Papilio

Inspired by nature
Designed for Comfort

DESIGNER
Justus Kolberg

ORIGIN
Original German design. Papilio is a product of MATSU's partner Kusch+Co.

"Bring about the association with butterfly, spring, lawn or sunshine in the subconscious, arouse emotions and create pleasure." At the very beginning, Papilio was designed with this concept.

"Papilio" is the Latin word for "butterfly." The back of the chair is shaped like a cocoon based on the bionics principle, which resembles a fluttering butterfly and achieves the perfect combination of support and lightness.

TILTING AT EASE

Self-loading chassis

Regulation of bounciness for 120° tilting to release pressure. Adjustment of chair-back tension changes from manual to automatic through sensing the user's weight. Tilting is easy for a lightweight user; safety is guaranteed for a heavy-weight user.

BUTTERFLY-LIKE LIGHTNESS

Bionic back

Bionic butterfly design for the lumbar support. The unique cocoon-shaped backrest stays light, gives all-round support to the spinal column and makes the user feel wrapped around.

DOUBLE INSURANCE

Adjustable two-way lumbar support

The height and depth of the lumbar support can be adjusted as needed. The back of the chair fits and supports the user comfortably — comprehensive protection of lumbar health.

Adjustment range

Lumbar height travel	110 mm
Lumbar depth travel	80 mm
Seat height *	SH 435–525 mm
Seat depth *	D 555–625 mm
Armrest height travel	80 mm
Armrest width / depth	45 / 30 mm

* Standard and self-loading task chairs

SET HANDS FREE

Fixed, 2D or 3D armrests

Freely adjustable armrests — up & down, left & right, front & back. 3D adjustment provides effective support and alleviates soreness of the wrist from a prolonged hanging arm. Seat height and depth are customisable.

Fixed

Plastic armrest with PU pad

2D

Height and width adjustable

3D

Height, width and depth

APPLICATION IN VARIOUS SCENARIOS

Office or conference room

Smooth curves make Papilio applicable to various office styles. Flexible castors provide mobility for the unstrained collision of ideas.

COLOUR

Mesh back / fabric / genuine leather / imitation leather. General fabric: Danish brand Gabriel, MAGA series. Optional headrest in fabric, PU or genuine leather.

Four configurations

Front and side elevations from the original Kusch+Co / MATSU sheet. Dimensions in millimetres. Headrest is optional on the task chairs.

Licensed Kusch+Co seating in the MATSU E&ME partner collection. Production with MATSU Group. 3D data (DWG, SketchUp, 3DS) on request.
